

April 8, 2019

Dear THH Community,

I am writing this letter to let you know that after almost 13 years at THH Pediatrics I will be stepping down from my position of pediatrician and partner as of May 16, 2019. I have been offered the opportunity to become a Medical Director at Children's Hospital of Orange County, CA and to continue my work in pediatric medicine in a broader capacity. My decision to move on has been a tough one, but I believe this is a great opportunity to start the next chapter of my professional career. That said, this is a bittersweet moment for me. I am fond of the THH Community and I will truly miss the people that I have had the opportunity to connect with over the years.

First, I would like to thank my fellow pediatricians, but most especially Dr. Joseph Hsu. Most do not know that my wife and I started bringing our eldest daughter to THH to see Dr. Hsu before I started working here. At my daughter's 6-month checkup he told me the practice was looking to add a pediatrician and that they would like to take me out to dinner to discuss. Thirteen years later I can truly say I am grateful to Dr. Hsu for that invitation and the opportunity to be a part of the THH family.

Second, I would like to thank the staff. I am very proud of the dedication and commitment that the staff displays day-in and day-out. The success of THH would not be possible without them and their hard work. Please know that all you do is recognized and sincerely appreciated.

Last, but certainly not least, I want to thank all the families that have shared a part of their lives with me over the years. It has truly been a pleasure to help care for your children. I hope in some small way that I have been able to have a positive impact. I know that this experience has given me much in return.

Please know that I will cherish these connections and memories for the rest of my life. Thank you again for an amazing thirteen years and I hope that our paths will cross again in the future!

Sincerely,

Dr. David Granger
