

OCTOBER & NOVEMBER FLU CLINICS 2019

Influenza Vaccines 2019

Current Inventory: We expect to receive our first shipment of injectable flu vaccine the week of August 30, 2019.

Due to manufacturing constraints, the supply of FluMist will be limited nationwide for the 2019/20 season. While we do expect to receive shipments of the nasal spray flu vaccine we can't be certain when these doses will become available to us. We will continue to keep you posted as we learn more from the manufacturer.

Flu shots will be offered to all patients during scheduled appointments. Siblings and parents will also have an opportunity to get vaccinated at this appointment. Please let the front desk know at check-in.

Monday October
7th and 21st from
4:00pm-7:00pm
Monday November
4th, and 18th 4:00-
7:00pm
